WHO NEEDS THIS SOFTWARE?

If you need to make a lot of changes or additions to your Macola® customer master file but have been dreading the hours of time it will take to open the screen for each one, this utility is for you. Let's say that you want to:

- Change the status of 500 customers
- Change the salesperson for 1,000 accounts because of recent territory changes
- Visually review the entire customer file to assure that the customer classifications are correct and make any needed changes at the same time

Unless you use our utility or can develop complex SQL scripts, you are faced with hours and hours of tedious keying and proof reading.

HOW DOES IT WORK?

Using a familiar Excel spreadsheet with powerful Visual Basic programming, this utility imports and exports data directly from and to your Macola® database. It's easy to use.

KEY FEATURES and BENEFITS

- Excel-based
- Eliminates hours of tedious keying and proofreading
- Better manage your company
- Unlimited phone support

WHAT DOES IT COST & WHAT IS INCLUDED?

Please refer to our price list. Our annual maintenance fee provides unlimited support and software updates.
